

## **Field Manager**

True South Seeds is seeking an experienced hemp/cannabis farmer to manage a 20-acre CBD hemp operation in the Chattanooga, TN area.

### **Description**

True South Seeds is a multi-faceted hemp operation focused on the production of high-quality CBD hemp flowers, seeds, and seedlings. The Field Manager will manage all aspects of CBD hemp flower production in the field from seed to harvest. The Field Manager is a full-time, salaried position. The Field Manager will be supported by a full-time Farm Hand, as well as intermittent part-time help throughout the season. The Field Manager will work alongside an experienced team of farmers focused on growing indoor seeds and seedlings.

### **Accountabilities**

- Field prep - assist in layout and design
- Primary/Secondary cultivation and tillage
- Biodegradable plastic mulch bed prep
- Water wheel transplanting
- Water management
- Nutrient management
- Weed and grass cultivation
- Integrated pest management (IPM)
- Plant sampling for chemical analysis
- Harvest and coordinate delivery to drying facility
- Manage a team of three and more during planting and harvest seasons

### **Required Skills**

- Operation of a 70 hp Kubota
- Organic soil and nutrient management
- Team management skills - people leadership skills
- Pest and weed management experience
- Experience and working knowledge of growing cannabis/hemp
- Data management - input of farm activities in a computer data program
- Time management - ability to plan and execute on a schedule
- Ability to lift 50-75# repeatedly
- Ability to follow directions and clearly communicate
- Ability to multi-task in a dynamic working environment

### **Qualifications**

- 2+ years growing cannabis/hemp on a field production scale
- Sober work life - alcohol and marijuana will be strictly prohibited on site
- Possess a positive, yet realistic "I can" attitude
- Experience running a farm crew

### **Compensation & Benefits**

- \$65,000 annual starting salary
- Space for an on-site structure or RV

- Bonus share in production of biomass
- Paid vacation time
